

ABIN Y

DATA ANALYST | WEB DEVELOPER | PYTHON | SQL | POWER BI | REACT | NODE.JS

Phone: 9744546371 | Email: abiny1305@gmail.com | Kerala, India

LinkedIn: linkedin.com/in/abin-y-8538a8295 | GitHub: github.com/abin1305 | Portfolio: myportfolio-green-delta.vercel.app

PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering (AI) student graduating in 2027 with hands-on experience in data analytics and full-stack web development. Skilled in Python, SQL, Microsoft Excel, Power BI, Tableau, data cleaning, exploratory data analysis (EDA), data visualization, HTML, CSS, JavaScript, React, Bootstrap, Node.js, Express.js, MongoDB, REST APIs, and JWT authentication. Experienced in analyzing business and agribusiness data, creating interactive dashboards, and developing responsive web applications. Interested in using data-driven insights and software development to solve real-world problems.

EDUCATION

Mar Baselios Christian College of Engineering and Technology | 2023–2027

B.Tech, Computer Science and Engineering (AI) | APJ Abdul Kalam Technological University | CGPA: 7.33/10

St Stephen's Higher Secondary School | Higher Secondary | 87%

TECHNICAL SKILLS

Data Analytics: Python, SQL, Microsoft Excel, Power BI, Tableau, Data Cleaning, Data Analysis, EDA, Data Visualization

Programming: Python, C, JavaScript **Frontend:** HTML, CSS, React, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, REST API **Database:** MongoDB, SQL **Authentication:** JWT Authentication

Tools & Platforms: Git, GitHub, Vercel, Railway, Render **Professional:** Problem-Solving, Time Management, Communication, Teamwork

Languages: English, Malayalam

INTERNSHIPS

Junior Data Analyst – Agribusiness | YuvaIntern | Aug 2025 – Sep 2025

- Analyzed agribusiness data using Advanced Excel to identify patterns and support business decisions.
- Created reports, charts, and data visualizations for presenting analytical findings.
- Interpreted data to support data-driven business decisions.

Data Analytics Intern | Codec Technologies | Jun 2026 – Jul 2026

- Cleaned and analyzed datasets using Python, SQL, and Excel.
- Performed exploratory data analysis (EDA) and prepared data for reporting and visualization.
- Created interactive dashboards in Power BI and Tableau to communicate analytical insights.

Web Development & Designing Intern | Codex Techno | Jun 2025 – Jul 2025

- Developed responsive frontend pages using HTML, CSS, JavaScript, and Bootstrap.
- Improved UI consistency and responsiveness across multiple screen sizes.
- Assisted with basic backend integration and frontend development tasks.

Web Development Intern | MotionCut | Dec 2024 – Jan 2025

- Built interactive frontend interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Developed responsive layouts for consistent presentation across desktop and mobile screen sizes.
- Assisted with backend integration and web application development tasks.

ACADEMIC PROJECTS

Retail Sales Performance Analysis & Dashboard | Python, SQL, Excel, Power BI, Tableau

- Cleaned and analyzed sales data using Python, SQL, and Excel.
- Built Power BI and Tableau dashboards to track sales and profit performance.
- Identified top products, regional performance, and monthly sales trends from the dataset.

Customer Churn Prediction | Python, Machine Learning

- Analyzed telecom data to identify customer churn patterns.
- Built machine learning models to predict customer churn.
- Identified factors associated with churn to support customer retention analysis.

Online Course Learning Platform | MongoDB, Express.js, React, Node.js

- Built a full-stack course platform using MongoDB, Express.js, React, and Node.js.
- Implemented JWT authentication and role-based access control for user and admin workflows.
- Developed an admin dashboard for course and user management.

Online Grocery & Food Products Website | Node.js, Express.js, MongoDB, Handlebars

- Developed a full-stack eCommerce platform using Node.js, Express.js, MongoDB, and Handlebars.
- Implemented user authentication, shopping cart, quantity management, and order management features.
- Designed a responsive UI using Bootstrap and custom CSS.

CERTIFICATIONS

- AI for All – Infosys
- Artificial Intelligence with Python – Techmaghi, 2024
- Python with Artificial Intelligence – Techmaghi, 2024
- Introduction to Data Analytics – Coursera
- MERN Stack – DevTown

ACHIEVEMENTS & ACTIVITIES

- Participated in NASA Global Challenge
- Participated in TinkerHub Hackathon
- Participated in ICICI Lombard's Igniting Minds by IIT Bombay.
